

IT—Networking Outstanding Graduate

Lucas Enerson

During his time as a student here at Mitchell, Luke maintained a high GPA and was able to obtain the highly sought after CCNA professional certificate. His presence in class was necessary to others success. As he shared his successes in labs and on tests others were often inspired to follow up with their successes. This created a culture of expectation, support and celebration. Luke is on track to graduate from Mitchell and continue his education on campus at ECU in the Fall 2020 semester. We are proud of you Luke and look forward to learning about all his success in the future.
